

Feature of Japanese Language Course for Foreign Students Hokkaido Bunkyo University(HBU)

Objective is to acquire Level N2 in EJU Test

We have developed and offer the best curriculum and support to get help N2 level in EJU. You will be able to acquire the level of Japanese proficiency required in learning at advanced technical and vocational studies with getting the creativeness and ability in solving complicated issues in modern society.

This course is also designed for those foreign students who desire to continue higher education in Japan by offering higher level of Japanese lesson.

We train and educate people who wish to be in the field of Food and Nutrition, Health and Medicine in future.

We expect the students to acquire the skills and essential knowledge in today's global community hoping to be the promising mediator bridging their country and Japan, specifically, in the field of Japanese Culture and Medicine and Nutrition.

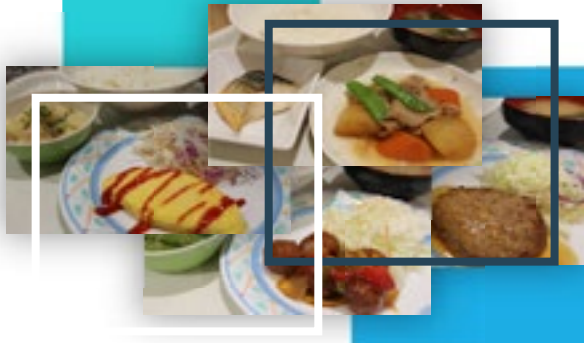

Exploiting the advantage of HBU having departments in Health, Medicine, International Communication and Education, students will be able to enjoy the opportunity of learning technical Japanese terms and knowledge in professional field of Medicine and Japan's food culture.

We extend full support to students for further study in HBU.

HBU offers some relevant departments in Food, Nutrition and Medicine in addition to Linguistics. Students in this course who desire to continue further study in such department, will learn the essential and fundamental level of Japanese required in the field of Japan's Food culture and Medicine. Upon graduation, are expected to become licensed professionals such as Nutritionist, Physical therapist, Occupational therapist and Nurse.

You can extend your study period for maximum of 1 year.

Term of our course is 1 year, but you may be able to extend your stay at the course for maximum of 1 year upon your request subject to University's approval.
